**MISSION TRIP TO NICARAGUA  
PLANNED**

Brad Emde, O.D. and his Optometric Assistant, April Johnson will be going on the Southern Union Conference Mission Project with Dennis Benedict, O.D. to Nicaragua. This is the first medical mission trip for both Brad and April. Jonathan Fritz, M.D. is planning to work with our team as an Ophthalmologist. The Mission project is scheduled for March 13-24, 2014. Medical, Dental, and Surgery clinics are being planned while we conduct our Vision clinics. We have started making detailed plans on how we want to run our clinic.

Air Care International is planning another Mission project for 2014. This year they are going to the Dominican Republic March 6-16, 2014. Karlit Wong, O.D. has made plans to go with them just as in recent years.

The Quiet Hour is planning a different kind of mission trip next year. Jackie Tucker wrote me, "We will be leading a team of Southern Adventist University students to El Salvador, May 7-25-2014. We will have nursing students assisting with the medical clinics and they will also assist with the Eyeglass clinics. It will be a great opportunity for the students to be involved not only in preaching but also in hands on clinics." If any O.D's are interested in this project, please let me know before the end of November.

With these three mission trips planned, our glasses inventory will be greatly reduced. Let me know if you are willing to provide glasses for our needs next year, or if you are willing to go on another mission trip listed on our website.

**GENERAL  
CONFERENCE REPRESENTATIVE**

**LOWELL MEISTER, O.D.**

Our project for Swazi Eye Service is just about finished. Eight thousand plus dollars remain to be spent and that will be spent in the refracting room area. It has been my pleasure to do this project and I receive some nice Thank You. However, everyone who donated and prayed for this program deserves a thank you and an extra blessing from God for helping in this worthy program. You can review past Frat's and see what has been accomplished. Enjoy the two e-mails from Joy as she brings us up to date on the action in Swaziland.

Dear Dr. Meister

I understand that SAU will not match the funds raised because of the new Auto Refractor they donated. I anticipated this because I had a hard time convincing them to buy this machine. They even thought the Auto Refractor is the absolute machine to be at par with other clinics, not understanding other things are needed. Only an optometrist like you understand the feeling of working in an environment with obsolete facilities. Your coming to Swaziland was a tremendous gift and blessing from God to augment the practice. You did not only saw the need, but also became the mouth, hands and feet to gather funds for this cause. Not one in a million thought had it dawned to me that I can have the edger and other equipments this year. I only poured my longings and tears to God, and miracle just came through you. This I praise Him forever.

I will try through Gods guidance to set my priorities in using the funds and promise to continue educating myself. I will keep in touch with you for guidance and correction being my mentor. Your years of experience is very helpful to me.

Please pray for my daughter and our relatives in Cebu. They experienced 7.2 magnitude earthquake yesterday. Until now, the aftershock is going on. They did not sleep last night. They were on an open basketball court. The 4th floor of our Adventist Hospital in Cebu collapsed. They had to evacuate patients. Many establishments and schools are affected. Last night, my daughter had fever out of too much fear. They were tired and dizzy. Our house as well is cracking now because the aftershock of 4magnitude is still going on. I hope our house won't collapse. My heart is breaking, thinking about my daughter, my mom, and the rest of the relatives. Please keep them in your prayers.

Thank you so much for everything. Warm Regards  
Joy

Dear Joy:

I have received a reply from President Letseli about matching funds for SES. He and his staff do not remember the conversation in the same way that Dellene and I do. I only remember that the principle of matching funds were discussed but no specific commitment was ever made. However SAU has been good to SES and will continue to support your mission.

After releasing \$1,000.00 to Lilongwe Hospital I will request from Mrs. Nellie Llaguno that she send the balance to SES to buy new equipment. You will have to decide what equipment is in your best interest. If you find that you do not have enough money for what you think you need you could talk with President Letseli and maybe he will understand. I would suggest that for now you forget about the perimeter and retina camera. Do the best you can with the money we send. May God give you understanding and wisdom as you make these decisions.

We were also excited to receive the picture of the Bibles. Lots of good can come from these. Continue to educate yourself and God will bless you. Keep us informed.

Sincerely, Lowell and Dellene

# SIGN UP FOR A MISSION TRIP

Do you need a little change, some excitement, some drama and action – sign up for a mission trip doing eye care in a third world country. I have just returned from my fifth trip, each of these adventures added another dimension to my life experiences.

This trip was sponsored by It Is Written Canada to Paraguay, South America. This was a many faceted trip with evangelism, VBS, church building and the largest component was the medical team comprising of 2 dentists and all of their support team including Hygienists, Chair assistants and Denturist. They were busy using the six portable chairs and xray machine they brought with them. There was also a Pediatrician, nurses, physical therapist among the 43 participants that flew into Asuncion. I was the only Optometrist, long retired who had to quickly revive long dormant skills to an unprecedented pace. In the six days that we worked I saw 560 patients, dispensed over 500 pair of glasses, gave out 120 medications and lubricants as well as removing foreign bodies and made a list of 25 people that really did need to have a referral. The ADRA volunteer made the list and hopes to follow up with the patients but for them to get help will probably not happen. I saw less eye diseases that expected, even pterygiums were less prevalent than other tropical countries where I have been helping.

We had a number of young people from Canada rotating through the clinic, but we also had ADRA volunteers as well as some local people who helped with the translations. For several of the days we needed 2 translators as we were working in an indigenous community where they spoke their own language which then had to be translated to Spanish and to English.

Part of my adventures included not meeting up with a number of the medical team in Dulles airport or in Sao Paulo, Brazil and flew on by myself or so I thought, there were actually 2 on the flight that I did not know. I was just hoping that I was going to the right city on the right day as my Spanish is very limited. Because of so many people going, the travel agent had to book people on several days flying into Asuncion, which is the capital of Paraguay. Other excitement included a threat on the life of Pastor Bill Santos, the speaker for It Is Written Canada by a clergy of another faith who told him he had to leave or his life would be endangered. Pastor Bill told him that if he left then the medical team would leave as well. There were a number of the locals listening and they got very upset at the thought of not having the medical clinics. The proper authorization was given by the community elders to build the church and have the clinics. The church was just about completed but was dedicated after a baptism in the river. God's work went forward.

We did have a few days of R & R at the end and a number of us went over to Brazil, which was an adventure as the bus driver did not stop for the customs at the border. While waiting beside the road for another vehicle to catch up to us we had thieves open the back of the bus and take several pieces of luggage. Fortunately I had my bag at my feet. The 8 hour bus trip into Brazil was to see the Iguacu falls. This was most spectacular. It is one of the 3 largest waterfalls in the world and is absolutely awesome.

All in all – a most rewarding and worthwhile experience. Thanks to Dennis and the ASDAO for making this happen.

**Try it – you will like it.**

**ASDAO PRESIDENT**  
**Tom Sanders, O.D.**

Change is inevitable in life. Time passes, grey hair comes, children grow, grandchildren bless and we choose the path in which we walk.

This week has been a challenging changing process as I changed to electronic list grows! We have a wonderful profession in which we serve our patients but change always happens. My 40 years in optometry has seen much growth in the ability to examine the human eye. New technology and more knowledge make us better doctors and the job easier.

But with all of this, the best change is the change in my heart, as Jesus transforms it, by my accepting Him into my life each day. It is still a mystery of faith, but I believe and it happens.

Our Association is about service, missions and sharing with each other. I invite you to be active in the ASDAO.

Thomas Sanders, O.D.

## **ASDAO AUXILIARY SCHOLARSHIP FOR 3rd & 4th YEAR OPTOMETRY STUDENTS**

The purpose of the ASDAO Auxiliary Scholarship is to recognize excellence in scholarship and encourage Seventh-day Adventist individuals with potential to complete their educational requirements in the field of Optometry.

Qualified Seventh-day Adventist students enrolled in an accredited school of optometry in either the US or Canada and completing the 2nd year are eligible and may apply for the ASDAO Auxiliary Scholarship which is given through the Association of Seventh-day Adventist Optometrists. The scholarship application is for a one-time scholarship given in either the Jr. or Sr. yr. of Optometry School.

All documents must be received no later than JUNE 1. The recipient will be announced during the annual meeting of the Association of Seventh-day Adventist Optometrists held the end of June each year. The scholarship committee reserves the right to suspend the award if no candidates are judged to be outstanding in a given year.

For information contact: Dellene Meister, P.O. Box 627, Nowata, OK 74048, Phone 918-273-1280, email: lomeister@sbglobal.net

### **TIME TO START PLANNING FOR THE AUXILIARY AUCTION**

It won't be long until convention time and one of the highlights of the convention is the Auxiliary Auction. The money raised goes to help out with the scholarships each year and several mission projects that the auxiliary help sponsor.

Think of what you can make or come up with that will be fun bidding on at the big event.
